

## ABOUT THE WORKSHOP

Are you ready for the transition to ICD-10? This two-day workshop has been designed just for you. The focus will be on engaging coding professionals with in-class ICD-10-CM/PCS coding exercise examples. Participants will gain ICD-10-CM/PCS experience from experts in the field. The presenters will provide valuable information that will guide you through the steps of transitioning and coding using the ICD-10-CM/PCS system. ICD-10-CM/PCS coding exercise examples will be provided at the end of each day.

## TARGET AUDIENCE

Coders, billers, office managers, practice managers, clinicians, consultants, clinical documentation specialists, and educators

## OBJECTIVES

*At the conclusion of the symposium, participants should be able to:*

- **Explain** and demonstrate the new ICD-10 format
- **Review** practical applications of ICD-10-CM/PCS coding conventions and guidelines as addressed in the Diagnostic Coding and Reporting Guidelines
- **Examine** ICD-10/PCS coding conventions as it pertains to surgical terminology and services
- **Describe** the difference between ICD-9-CM and ICD-10-CM/PCS coding procedures
